Highlights

PLUG-IN

Cabinet designed to operate with natural refrigerant R290 in compliance with F-Gas regulations.

Triple-glass doors with heaters. They include ergonomic handle for easy access to the inside of the cabinet.

New design in the die-cutting of the shelves, which allows better circulation of airflow inside the cabinet.

New discharge grille, which allows to improve the air curtain and eliminate condensation problems.

Plug-in vertical freezer offered in 2,3 and 4 doors, adapting to customer requirements.
